Time in the hands of youth

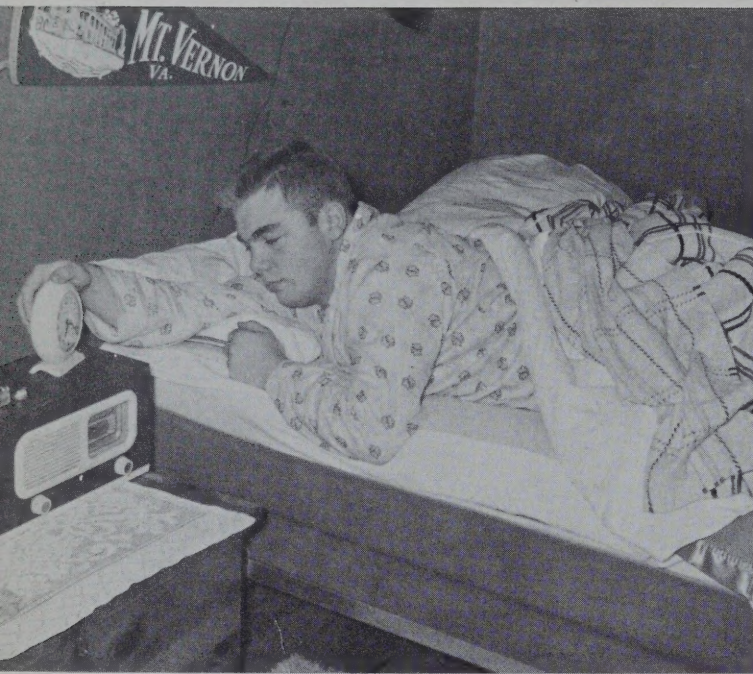

The photo and the memory . . .

The Highlander *1955*

Volume 3

Southern High School

Oakland, Maryland

Wake up, Bill!

There are memories in this day which will live eternally, memories of places and people, and of events both little and great. Wake up, and live again these youthful days in our Time — these days filled with recollections of . . .

A time to meet with teachers, p. 3 . . .

A time with classmates, p. 9 . . .

A time for interests and fun, p. 43 . . .

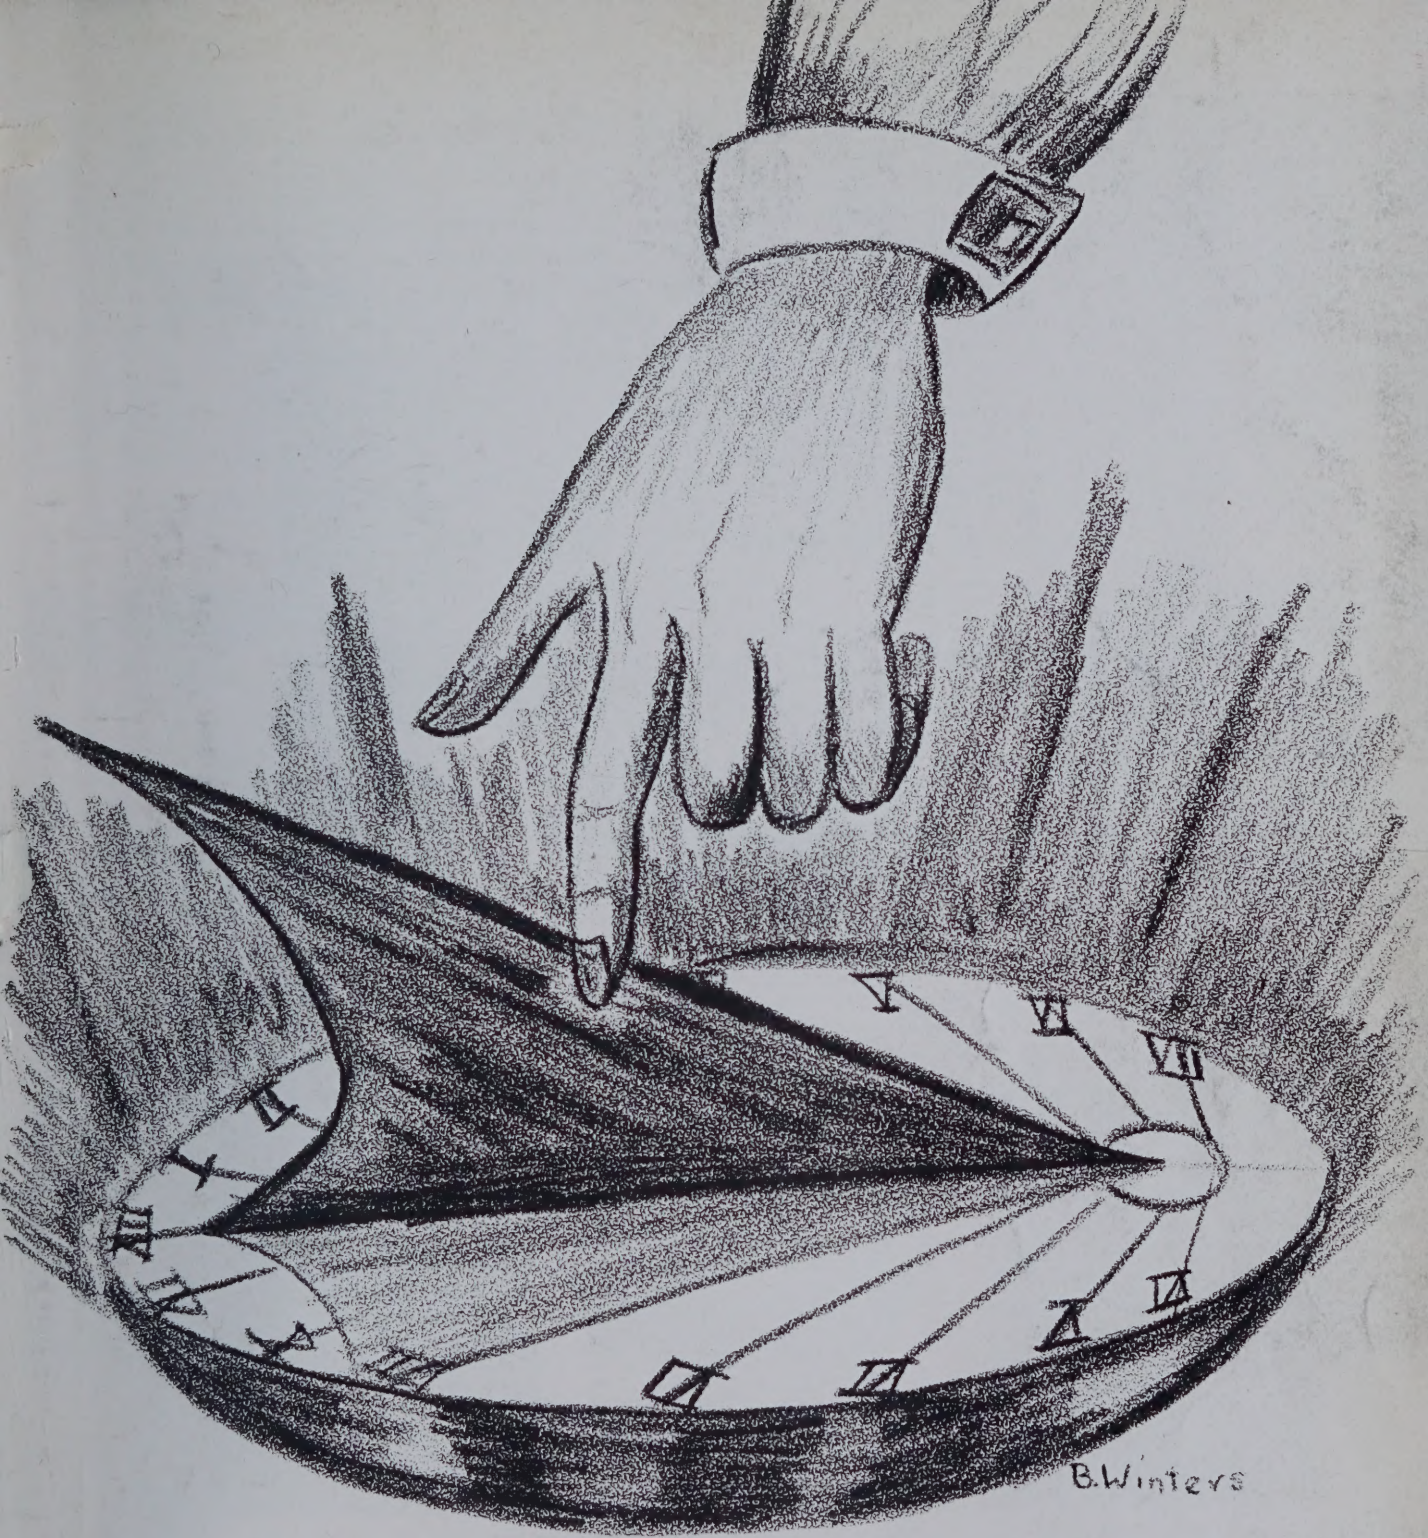

A time to play, p. 53 . . .

A time to train for work, p. 61 . . .

*"A teacher affects eternity. He can
never tell where his influence stops."*

Henry Adams

DR. JAMES S. COLLINS, Principal

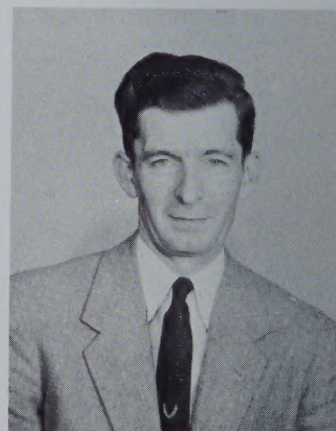

Dr. Collins has shown a sincere personal interest in the students of Southern. He has encouraged us to make the most of every day we spend here.

He says, "Time is that part of duration which may best be measured, not by the clock, but the consequences which accrue from premeditated ~~error~~ ^{choice}. This idea places a premium on the need for a kind of educational preparation that will enable each youth in our society to plan and manage his affairs in such a way that in adult life he will bring happiness and security to himself and his family and be able to make desirable contributions to those with whom he works, associates, and communicates. The extent to which boys and girls today are successful in planning the utilization of time certainly will be reflected in the accomplishments of future years."

Class History

It was in the fall of 1950 that two hundred and four eighth graders entered Oakland High. High school brings many strange and surprising things to eighth graders but we soon become accustomed to our new surroundings. We elected our class officers who were Linda Pritts, president; Bill Teets, vice-president; Shirley Calhoun, secretary; and Becky White, treasurer. They planned our eighth grade picnic, which was our biggest function for 1950-51.

We eighth graders became freshmen in the fall of 1951. Barbara Shank, president; Norma Arnold, vice-president; Janie Glotfelty, secretary; and Delores Warnick, treasurer, planned our first party which was held in the gymnasium of old Oakland High.

It was in our sophomore year that we entered our new high school building in 1952. Norman Reckart, president; Rebecca White, vice-president; Shirley Shaffer, secretary; and Harold Lantz, treasurer, again planned another picnic for us at Swallow Falls.

The sophomore class passed right into the junior year where we presented our biggest function of our school life. D. F. Lane, president; Jim Glotfelty, vice-president; Joann Hollen, secretary; and Bill Savage, treasurer, were the leaders in presenting the Junior-Senior Prom with the theme of "Dancing In the Dark."

In the fall of 1954 we entered our last year of high school. Fred Stemple, president; Larry Friend, vice-president; Nancy Jones, secretary; and Joann Hollen, treasurer, were elected to plan our last year's affairs. We looked forward to attending the football parade and the football games which made their debut this year. On November 20, we took our senior trip to College Park. Time passed so rapidly that we found ourselves looking forward to the prom. Then there was the Senior Assembly and the Senior Picnic. The Sermon to the Grads was finally upon us and we found ourselves marching down the aisle to receive our diplomas and face the future with open minds.

My, what four years to reminisce about! Little did we realize as eighth graders that we would graduate from such a modern and beautiful school as Southern High.

Now that these one hundred thirty-seven seniors have passed through the portals of Southern High into fields of various vocations, we hope our deeds and leadership will remain with those we leave behind.

Off (?) to Bladensburg

The major aims of the Student Government are to maintain and improve high standards of school living and to encourage good student-teacher relationship. The government provides opportunities for student acceptance of responsibilities through such activities as sponsorship of elections and assemblies. This year the organization supervised the March of Dimes campaign, local student welfare needs, and several social activities.

Four delegates were sent to the Maryland Association of Student Council Convention at Bladensburg, Maryland.

By working with the administration the council has contributed to the effectiveness and betterment of the school program by studying the lunch periods and giving recommendations and help to the administration. Developing good school spirit and participation in extra-curricular activities is another goal of the Government.

Many new clubs were organized in the activity program at Southern this year. Whenever there are enough students who are interested in a common hobby or study and if an adviser for such a group is available, a new club may ask for organization. In addition to the clubs pictured on these pages there is a Model Club with a membership of over fifty students.

Girls' Athletic Association

The Girls' Athletic Association is an organization having as its general aim the support and promotion of various extraclass activities which are an outgrowth of the school program of physical education. Some of the objectives are to foster a spirit of good sportsmanship and the development of fellowship and friendliness.

The officers are: president, Phyllis Sanders; vice-president, Beverly Winters; secretary, Delores Vetter; treasurer, Amy Anderson; and social chairman, Romaine Hershman. Miss Janet Lee Heyer is the adviser and coach.

G.A.A. meets after school from 7:00 p.m. to 9:00 p.m. on the first and third Wednesday of each month. A chief aim is to provide activity opportunities for many girls rather than a select group. Among their activities were Alumnae Night and a basketball play day with Northern.
